TV TALK

A special live stereophonic telecast-broadcast will take place from 8.30 to 9.30 p.m. Wednesday over Channel 4 and KOMO radio (1,000 on the dial).

"News from Washington. It's in triplicate."

The occasion will be a special sustaining fund program by the Seattle Symphony orchestra under the direction of Milton Katims direct from Meany Hall on the University of Washington Campus.

Here's how it works. Tune the television to Channel 4, and place a radio tuned to KOMO a few feet to the right of the set.

KOMO microphones will be placed in Meany Hall to feed the sound to KOMO-TV from the left and to KOMO radio from the right so the listener may receive all sounds exactly as they are picked up and as they would be heard if he were there in person.

The CBC announced recently that it will produce five pilot television episodes of a well known USA series, Portia Faces Life.

If the five pilot half-hour episodes meet CBC production standards and are acceptable to Screen Gems (Canada) Ltd., co-producers with CBC, full production will commence in the early summer on videotape for presentation in the fall of this year as an afternoon presentation of the CBC television network.

There is an excellent possibility that the series, which will utilize Canadian acting talent, will be distributed in the USA as well as Canada.
